Infant Care

Special Care for Special People

Families on the go appreciate enhanced convenience and cleanliness provided by diaper disposal systems and baby change tables.

Why Implement an Infant Care Program in Your Washroom?

Address Unpleasant Malodours

Proper disposal systems for diapers are critical to addressing odours and ensuring a pleasant user experience.

Reduce Cross-Infection Risks

Baby change tables combined with an exclusive disposal system for diaper waste helps reduce cross-infection risks, promotes hygiene and ensures waste is handled appropriately.

Safety First

A dedicated area for parents to attend to children improves safety and helps reduce congestion in the washroom environment.

Product Overview

Diaper Disposal Service

Touch-Free

Our diaper unit has a foot pedal for no-touch operation, and a large opening for ease of use.

Efficient Design

The contemporary design and large capacity make this unit well suited for any public washroom.

Baby Change Table

Ease of Use

Change table is easily opened and closed by user with one hand.

Ergonomic Design

Platform is shaped to cradle a child's body and head.

Simple and Safe

Safety strap is easily adjustable and Sure-Lock latch resists opening until released by opposing finger pressure.

Added Convenience

Bed liner/towel dispenser provides consumable options for enhanced convenience and hygiene.
